

Directory of Local Voluntary Car Schemes (January 2026)

The original directory that we sent out to all members has again been checked and updated and we hope you will find it useful. Almost all the schemes listed provide transport to GP surgeries, hospitals and other medical appointments. A few of them can offer more such as shopping trips.

The service is provided, by members of a local community, **only** for the people who live in their area. The drivers are all volunteers and use their own cars. The days to call are Monday-Friday (except Bank Holidays) unless stated otherwise. Times are in brackets after the telephone number. Please note they are not the same day service and it is wise to book well in advance.

Almost all the groups suggest a donation, with some specifying the amount expected.

Waverley Borough

Bramley Wheels: 07599 430763 (10am-12md)
